THE HUSTONVILLE FAIR.

THE BIGGEST AND BEST EXHIBITION YET.

LOTS OF FINE STOCK, HANDSOME WOMEN AND GALLANT MEN.

HUSTONVILLE'S HOSPITALITY INCREASES AS THE TOWN GROWS OLDER.

The daily INTERIOR JOURNAL, issued from this office by Messrs. George C. Keller, Jr., and Jesse M. Alverson, has so fully covered the ground that there is not much left for us to say about the Hustonville fair, save that all previous exhibitions are excelled and that the good town's reputation as a "fair town" grows with each year. The show of stock is the best in the history of the association, more pretty girls are on hand daily, hospitality, proverbial of the town, has never been more lavishly displayed and everything combined makes this the "fairest fair" of them all so far. The good Lord sent a refreshing rain to lay the dust and cool the atmosphere and the weather has been all that the most fastidious could ask. The ring and grounds are in the very pink of condition, everybody is on his best behavior, officers, directors and the people generally are working like Trojans to make all feel that it is good to be there and last but not least, the wants of the inner man are being supplied with the best there is in the land. President W. Gill Cowan, Secretary W. D. Hocker and the other officers are proving themselves the right men for the places they hold and if our West End friends are judges of the good things we take them to be they will make them hold their jobs permanently.

KINGSVILLE.

Several from here, will attend the Hustonville fair.

W. L. McCarty is running an ice wagon twice a week from Stanford, which is indeed a great accommodation to every one. Ice will be delivered at 40c per hundred and will not sell under 50 pounds.

We are glad that your readers are not to lose an interesting feature of your paper in the Clarence Coleman letters. We have read and appreciated his splendid letters throughout, and have heard them highly complimented.

Delightful rains have fallen, cooling the atmosphere and greatly refreshing the apparently burnt-up vegetation. Rev. Dr. Allen failed to fill his appointment at the Christian church last Sunday morning and evening owing to the intensely warm weather.

Miss Annie McKee, in her charming manner, entertained a number of her friends at supper a few evenings since. Mrs. Henry Leach, who has been quite sick, is better. Geo. Higney has recovered from an attack of fever. John Dishon, of near here, was killed by a train at High Bridge yesterday and will be brought here today, Wednesday, for burial.

Pretty and attractive Miss Elsie H. Carey left Sunday for Lebanon Junction, where she will make a protracted visit with relatives. Harlan Cundiff, of Somerset, was the guest of his brother, W. B. Cundiff, a few days since. D. P. Dineen and C. M. Pennybacker were up from Somerset Sunday. Dr. Allen, of Somerset, was the guest of Miss Gertrude Pennybacker last Sunday.

The old question is at last being agitated here and our people are dreaming of untold wealth—"dreaming" is in keeping with the weather we've been having of late, but some are having wild visions and are becoming very much excited. Still, the question is not an absurd fancy, for really there is every sign of oil on the waters—whether "troubled" or otherwise—in and around our little town, and some of our enterprising citizens—and we have our full quota—are making preparations for having the matter investigated. They may not be in a very great hurry, but they are very, very sure.

Sam Flint had the misfortune of losing his home by fire Thursday morning, catching from a defective flue. The crowd which quickly gathered succeeded in saving all the household goods. Dr. Thompson kindly gave them permission to occupy his house, above the factory, until they can rebuild. Everett Chevrolet, who has been sick at his mother's home here, has resumed his work on the C. S. His wife, who has also been ill, returned Tuesday to her home in Lexington.

Miss Ellen Chevrolet has returned home from a pleasant visit to her cousin, Mrs. D. P. Dineen, at Louisville. Miss Katherine Wells, of Junction City, who was quite sick for several days, returned home Sunday, accompanied by Lough Evans, also of that city. Miss Wells and Mr. Evans were pleasant members of a house-party at the home of the Messrs. Johnson. Mr. Nevius, of Stanford, was the recent guest of Messrs. G. A. and Wallace Walter.

MIDDLEBURG.

George Wesley lost three fine ewes and two others bitten by dogs last week.

Dungville Maccabees had a picnic at that place Saturday, which was largely attended.

School will open at Middleburg Academy Monday. A large attendance is expected.

Born to the wife of H. C. Lyon on the 25th, a daughter; to the wife of A. Lucas, same date, a girl.

The Middleburg Cornet Band now practices on Tuesday and Wednesday nights. The boys have been slumbering for two years.

Considerable sickness is reported in lower Casey. Typhoid fever seems to be the prevailing disease. James Eason is having a tussle with something like typhoid.

The Negroes had a picnic and dance at Yosemite Saturday, which drew the colored elite from the four corners. Dancing continued almost to the wee hours Sunday.

Durham, the infant son of Dr. I. S. Wesley, died at Lancaster last week and was buried in Middleburg Cemetery Friday. An infant of C. C. Hauer was interred Saturday.

Oscar Lanham was painfully, if not seriously hurt while playing base ball at Yosemite Saturday. He received a sprain or fracture of the knee. He is being attended by Dr. Wesley.

A Union Sunday School Convention was held at Mt. Olive Saturday with a large attendance. Representatives were there from most of the Sunday schools of Casey and Southwest Lincoln. Several from that section were in attendance.

Many of our people are attending the Hustonville fair. G. R. Jeter has returned from Crab Orchard. Jason Taylor, of Burnside, is visiting friends at this place. Rev. Grider, formerly pastor of the M. E. church at this place, was visiting friends here this week.

Rev. J. B. Ferrill preached at the Baptist church Sunday morning and evening. Rev. Gillum preached at the Christian church. The South Kentucky Association of United Baptists will convene at New Salem church Tuesday, Aug. 6, continuing three days.

The protracted drouth has injured the fruit to an extent that not more than half a crop is now expected. Peaches, apples and plums are drying up and falling off. There were very few blackberries through this section though the crop would have been the largest in years but for the drouth.

The Louisville Times truthfully says the corn belt this season seems to have swapped griddle-places with the equator. The drouth still continues thro' this section, though copious showers have fallen both to the north and to the south of us. We have had two sprinkles which laid the dust for a short while and in other ways made life more pleasant. Crops are burning up though and the river is the lowest ever seen at this time of the year. Our friend R. A. Goode, of Lexington, says we are mistaken about this being the worst drouth in Casey in the memory of the oldest citizen and then mentions the drouth of 1872, which lasted from July 4 to Sept. 15. However, I don't believe it could have been as destructive as the present one, though it might have been of greater duration. Nothing more than a "dust-settler" has fallen here for eight weeks. Vegetation of all kinds is either dead or dying—pastures long ago parched and ponds, branches and creeks dry as the palm of your hand, save puddles here and there. I have known crops to be so far advanced by July 4 that a fairly good yield would have been made without further rain, but as it was, this year's crops are three weeks late and had a stunted growth in the beginning of the season as a result of a very cold spring. At this writing the prospects for a good rain are quite encouraging, tho' prospects may go for naught, as all signs have in the past. C. C.

QUESTION ANSWERED.
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of indigestible food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale at Penny's Drug Store, Stanford.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm. For sale by Craig & Hocker, Druggists.

State College of Kentucky.

The Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz:

Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitory, fuel and lights, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern.

The last Legislature appropriated \$30,000 for a college home for young women and a drill hall and gymnasium has been provided for men.

Military tactics and science are fully provided for, as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply.

Last year the matriculation list was 620.

For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to

Is a Candidate for Railroad Commissioner for the 24 District, subject to the will of the democracy.

The assurance that Deboe, after the expiration of his present term, will no longer disgrace the State in the Federal Senate, is sufficient to make one feel pleasant even in this torrid weather, and there isn't the shadow of a doubt on that proposition. Reliable reports from all over the State show that the prospects for democratic success in the Legislative races were never brighter and the indications are that we will have an old time majority in the next General Assembly. The Sapp primary in Louisville insures a solid delegation from that city and in other sections where there have been defections, the party is united. The defeat of Deboe alone is surely a sufficient reason to unite the democrats all over the State, but there are others by the score. The bulk of those who left the party because they could not stand some of its actions have long since learned that the republican household is not the place for the "unco good" and have returned to their first love with the determination to help it to success. So one of the certainties of the future is that the next General Assembly of Kentucky will fill the vacancy in the United States Senate created by the election of Deboe by selecting for the place a democrat of ability, and we sincerely hope and believe that it will be Hon. Jas. B. McCreary, of the county of Madison.

In justice to Mr. Deboe it must be said that he will not sink into the oblivion from which he was thrown by the political upheaval some years ago without leaving some reputation behind him. He has attracted more attention on the floor of the Senate than any of his associates or predecessors; by his ability as a speaker, and his fame as a butcher of the King's English to the queen's taste is well nigh international. But notwithstanding these accomplishments he will soon retire to the back woods from whence he sprang, "unwept, unhonored and unsung."

THIS is what James F. Grinstead, republican nominee of Sapp's primary for mayor of Louisville, said, declining the honor that had been bestowed on him: "I do not want the republican nomination for mayor at the hands of Chairman Sapp and his executive committee. I have informed him not to consider my name in this connection any further. This decision I arrived at after I had become fully convinced that the primary election of July 16 was so corrupt and fraudulent that no honest man could well afford to accept a nomination for office procured by such methods as were employed in the Sapp primary."

In the investigation of the Indiana "Insanity Trust," the matron of the Indianapolis dispensary swore that she had been forced into making affidavits regarding the mental condition of a number of persons who applied for medical attention. Things are in a sweet state of affairs in the Hoosier State and will be no better until a democratic governor is elected and clears Indiana of some of her undesirable inhabitants by sending them to Kentucky for trial and hanging.

In response to a friendly prodding from the Harrodsburg Democrat, the talented editor of the Lexington Herald says his fight on the democratic party has been actuated by a desire to up-build democratic principles. This being true, we hope that he now considers the party sufficiently pure for him to fall in line and help fight the common enemy.

THE Louisville Commercial shows its analogy when it says: The Post, in its bitter war against the republican party, has thrown aside all pretensions to honesty, fairness and truthfulness.

ADMIRAL KIMBERLY, named as a member of the Shelby court of inquiry, has asked to be excused on account of his health. Sampson no doubt would very willingly take his place.

NEXT to Dewey, Schley did more to destroy the Spanish fleet than any other admiral. The results showed that at the battle of Santiago, Schley's flagship, the Brooklyn, inflicted more than 50 per cent of the damage to the enemy, and received more than 50 per cent of the enemy's shots. "On deck" all the time and personally directing the battle and the pursuit of Cervera's fleet, he won a signal victory, to be charged afterwards with cowardice by Sampson, who was miles away and perhaps hid in his cabin. But Schley wrote his name on the hearts of his countrymen, while Sampson daily becomes more odious and contemptible.

THE press of Kentucky mourns the death of George H. Yenowlee, which occurred at Milwaukee. For years he was a writer on the Courier Journal and a favorite generally with the press boys of this State.

THE Sapp in the Louisville collector's office seems to be going down, notwithstanding the hot weather.

FOR SALE OR RENT.—Residence on Upper Main, diagonally opposite the College. Inquire of E. C. Walton.

TO FARMERS.—I am still in the milling business and am better prepared than ever to serve the people. Fair dealing to all. Morris Fred, Proprietor Farmers Roller Mill.

SALE.—Coroner Wm. Landgraf, of Krieger, sold his farm of 40 acres to John Pruss, of Pennsylvania, for \$1,000. Mr. Landgraf will move to Ottenheim and live in his property there.

MISS JONES WON.—Miss Maude M. Pope's eulogistic class at Moreland closed on the 26th and Miss Lella Jones won the medal in the contest at the wind-up. There were 10 contestants. Miss Jones won a medal in May last.

REFUSED.—A gentleman tells us that Hon. J. S. Owsley, Sr., refused \$10,000 for his splendid farm on the Crab Orchard pike the other day. It is a magnificent country home and we congratulate Mr. Owsley on his good judgment in not wanting to part with it.

MILL SALE.—William R. Dillon & Sons, of Livingston, have sold their saw and planing mills to R. L. Thomas, of Ford, for \$10,000. They have large timber interests on the upper Rockcastle river, in Jackson and Rockcastle, that they will float there and cut into lumber.

REPUBLICAN candidates for county offices and for the Legislature met at London and entered into an obligation and took an oath that they would not use, directly or indirectly, money, intoxicating liquors or anything of value to influence voters in the coming republican primary to be held Thursday.

COOK.—Miss Mary Cook, daughter of Mr. and Mrs. Simeon R. Cook, of Cook's Springs, died yesterday, aged 22. Her funeral will be held at her late home at 11 o'clock this morning and the burial will occur at Hustonville cemetery this afternoon at 3 o'clock. A more extended notice will appear next issue.

UNFORTUNATE.—Two good citizens, Messrs. George William Frye and Sandy Carpenter, of the West End, fell out over a dog and fought Wednesday afternoon. Mr. Frye was painfully, but not seriously cut. We greatly regret the occurrence and hope that matters will soon be satisfactorily settled between the neighbors.

H. C. BRIGHT.—Together with a good picture of Mr. H. C. Bright, several years ago a merchant of this place, the Danville News prints this nice notice of him: Secretary Bright, who has done more than any other man to make the Danville fair a success, is not only a man of exceptional business capacity and energy, but he is one whose big heart and genial disposition especially fit him for the office he fills so admirably. His value to this association can not be estimated. He has succeeded in enlisting for the 1901 exhibition more attractions than have ever been seen on any Central Kentucky grounds and among which is a visit from the Elks Lodge of Lexington.

BEAZLEY.—Mrs. Embry T. Beazley, who had been an invalid for a year or more, died Tuesday a short while after noon. She was spending a few days with her husband's mother when death came to her relief. She had been bathed and tenderly placed in bed by her loving sisters-in-law, who left her for a few moments only and when they returned life was nearly extinct. There were no signs to indicate that there had been the least struggle, but on the contrary her face showed that she had passed from life into death as the little child, tired with play, falls into the rest of sweet sleep. That Mrs. Beazley was ready to die, there can be no doubt, for her life was that of a beautiful, christian lady. She loved her neighbors and did them many deeds of kindness that are at this particular time so well remembered. She loved her home and her kindred, while her devotion to her husband, who is now crushed with grief, was beautiful indeed. The writer has frequently seen them on their early morning drives this summer; she searching for health and strength ere the sun's hot rays began to shine and he affectionately watching the frail woman enjoying her little outing. Realizing, no doubt, that they could not be together long, Mr. and Mrs. Beazley took pleasure in making it happy for each other, and having done all in his power for the woman he adored, he can console himself to some extent by the thought that it is by no neglect or thoughtlessness of his that she fills so youthful a grave. Mrs. Beazley was Miss Little Logan Grubbs, daughter of Capt. W. E. Grubbs, of Shelby City, and was as much admired at her home there as she was here. She was a devout member of the Christian church and a frequent attendant before her health deserted her. Rev. J. W. Hagin preached a beautiful sermon at the Christian church yesterday morning at 10 o'clock after which the remains were taken to Danville and interred.

"COME down to the Liberty fair Aug. 14, 15, 16, and use the complimentary I enclose you," writes clever Hawk Wilkinson, secretary. We will make a monster effort to do as he bids us.

KILLED.—John Dishon, whose parents live at Milledgeville, was killed by a freight train at High Bridge. He was walking on the track when the train backed on him. Dishon was in the employ of the railroad company as a section hand.

The combined business house and dwelling of Miss Sallie Tillett on Danville Ave. is well under headway and rapidly nearing completion. This building will be an ornament to this, one of the principal streets and we are justly proud of it.

Contractor James I. White, of Mt. Vernon, came down Wednesday. He has taken the contract to put in a new crossing in front of the Christian church and also has several other small jobs. His stone is second to none and his work done here has given entire satisfaction.

The crop of black berries is better this year than for many years. This excellent fruit is to be found in great abundance in almost every section of the county. Our colored population turns out in full force each day for the country and large quantities of these berries are placed on the market and sold for 25 cents a gallon.

A heavy rain fell here Monday night and Tuesday, in consequence whereof the farmers are going about rejoicing. The hemp crop in this county is rather short this year and corn needs more soaking rains to insure a good yield.

Wheat was fairly good and with the excellent crops of hay and oats and the quantities of all kinds of fruit our people have no ground for complaint.

Vernon, is with A. H. Bastin.
